Sexual contact means any of the following (whether or not a condom or barrier device was used):

- Vaginal intercourse (**contact between penis and vagina**)
- Oral sex (**mouth or tongue on someone's vagina, penis, or anus**)
- Anal intercourse (**contact between penis and anus**).

Do NOT donate if you...

<p>Ever</p>	<ul style="list-style-type: none"> • Had HIV Infection (see signs/symptoms of acute HIV infection below) • Had a positive test for HIV • Had a positive test for hepatitis • Used needles to take drugs, steroids or anything not prescribed by your doctor • Had a transplant such as an organ or bone marrow • Had a transplant or medical procedure using live cells, tissues or organs from an animal (xenotransplant) • Received money, drugs or other payment for sex
